

FRUSTRATED. FRUSTRATED.

If you had trouble reading this,
you're probably as frustrated as he is.

If your child is suffering through the frustration and humiliation of falling behind in school, there is help. Northwest Neurobehavioral Institute offers an intensive, research-based learning program — proven to produce results.

Our Masters level learning specialist will provide intensive individual instruction to children of all ages and grade levels in whatever academic area they're struggling.

You can help your child succeed.

Call us for a personal evaluation today. **509.456.3600**
